INTRODUCING A UNIQUELY POWERFUL APPROACH TO LEARNING, LEADING AND COACHING

ONTOLOGICAL COACHING AND LEADERSHIP IN ACTION

The Ontological Coaching Institute presents *Ontological Coaching and Leadership in Action* – a three-day workshop introducing a powerful new approach to personal and organisational coaching.

Join us for a profound learning experience that will allow you to:

- Engage with a powerful, highly effective approach to coaching and leading, capable of generating deep positive change
- Greatly increase your own ability and capacity for masterful living and action
- Lead authentically with greater influence and impact
- Develop more constructive and mutually fulfilling relationships in both your personal and professional life

Ontological Coaching is an extraordinarily powerful methodology for generating real change at the individual, team and organisational level. It is highly effective because it is based on a new practical understanding of the power of language, moods and conversations for sustainable behavioural and cultural change.

Ontological Coaching focuses on our **Way of Being**, which is a dynamic interrelationship between three areas of human existence – **language, emotions and body**.

Way of Being contains our often deep-seated perceptions and attitudes and is the underlying driver of our behaviour and communication. Ontological coaching has a holistic orientation that respectfully generates learning in all three areas of language, emotions and body as the catalyst for substantive and sustainable change.

WAY OF BEING

“Theory without practice is foolish, practice without theory is dangerous.”
